Dear Guidance Counselor,

I'm pleased to enclose an application for the Tri City Community Chorus's annual Music Scholarship. This year, we will be awarding a \$500 scholarship.

Each spring, we award this monetary gift to a high school senior in southern Maine who is involved in music, and who plans to continue his or her musical studies in college.

Although we have not been able to perform for the past year, we are still dedicated to supporting the young people in our community who are pursuing a career in music and/or music education.

Please feel free to duplicate the application as needed. Also note that, as stated on the application form, it should be accompanied by several recommendation letters, as well as by a personal essay from the student.

We would like to make this award in a timely manner so that the winner can receive the news at whatever end-of-year celebration your school may have planned, where scholarships are normally announced.

Therefore, we're asking that we receive the application and accompanying materials **no later than May 8, 2021**.

We realize that time is short, but this has been an unusual year, to say the least, and we hope this will give you and your promising music students enough time to complete their application.

Please return all materials to:
